SECTION 2 – FUNDING YOUR ACCOUNT (Fiat)

2.1 Once logged into your account, click on Funding Fiat.

2.2 Enter the amount you wish to deposit, minimum of £5. This is due to Royal Mail's understandable criteria, in that you cannot send coins via mail.

A screenshot of the IBWT deposit form. At the top, there's a header 'IN BITCOIN WE TRUST.co.uk' and a verification status bar showing 'Withdrawal Address & Bank' (checked), 'Government Photo ID' (unchecked), and 'Proof of Address' (unchecked). The main form is titled 'Deposit USD / GBP / EUR'. It has a green header 'Send payment to'. Below this is a table with the following fields:

A red arrow points to the 'Amount' input field. Below the table is a blue button that says 'Send email to admin for approval'.

Click Send email to admin for approval.

- 2.3 The next page will repeat some of the information and provide extra information. Please make sure you read it all if this is your 1st time using IBWT.

You have requested to deposit money to ibwt.co.uk.

Make SURE you deposit to your verified account. Money attempted to be sent to any other account will result in the transaction being blocked and investigated.

Please make SURE you copy/paste and print the boxed information, or write it clearly and INCLUDE either with your deposit.

- The value on the right is the total amount of GBP for those coins at that particular value.

4.6 Placing a Sell Order.

This is done in a similar manner, however on opposite sides.

Put in the amount of Bitcoin you wish to sell, and at what value (per 1 Bitcoin) you wish to sell your coins at.
